**APPROVED on second reading.**

- Marina Koether motioned to approve. Bill Bailey and Yi Jin seconded. All who voted in favor.

- V. New Business
  - Revising Graduate Faculty Status Vetting Process  
Sheb True provided an additional update on the planned changes to the process. Some of the updates are:
    - The College is implementing a new electronic application process that should be ready in a month.
    - Faculty will access the system through Owl Express.
    - Demographic and other information will pre-populate, including the CIP codes for degrees earned.

**GPCC Minutes**  
September, 2020  
Teams Virtual Meeting

- ¾ Information from Digital Measures will not transfer over. Faculty will need to input their research and the course numbers of the graduate courses they want to teach.
- ¾ Update to the graduate status categories.
- ¾ Elimination of the provisional status.
- ¾ Changing the approval period from 3 to 5 years (which supports accreditation cycles and monitoring of research activity).
- ¾ As this process is not a curriculum item, it was recommended that the GPCC provide recommendations and feedback on the Graduate College could consider and move forward to prepare for presentation to the Faculty Senate.

x GPCC Bylaw Changes

The Executive Committee will be preparing a draft with updates to the bylaws for future review and voting by the general body. The plan is to also share this with the UPCC Executive Committee so the two bodies bylaws are similar in basic outline.

VI. Election of Secretary

- x Cherilyn McLester volunteered to include the responsibilities of Secretary with her role as Associate Chair.

VII. Announcements
